

IN THE SPECIFICATION

Please insert the following paragraph on page 1 after the title of the invention and before the "Technical Field":

--RELATED APPLICATION

This application is a national phase of PCT/JP2004/012965 filed on September 7, 2004, which claims priority from Japanese Application No. 2003-334569 filed on September 26, 2003, the disclosures of which Applications are incorporated by reference herein. The benefit of the filing and priority dates of the International and Japanese Applications is respectfully requested.--

The following paragraphs will replace all prior versions of them in the specification of the application.

1) On page 4, paragraph 9, please amend the following paragraph as follows:

In addition, in a display unit for vehicles set forth in Claim 3 according to the display unit for vehicles set forth in Claim 2, ~~the control means performs the first processing operation for operating the driving means so as to return the reflection member to the original position on the basis of the vehicle information that an ignition switch is off and performs the second processing operation for rotating the reflection member to a position set by the identified user after the completion of the first processing operation~~ comprising position detection means for determining the original position.

2) Please delete pages 24 and 25 of the specification to remove the text descriptions of the drawings.
